Sir :

In accordance with the duty of disclosure under 37 C.F.R. § 1.56, 1.97, and 1.98, Applicants submit herewith a copy of an European Search Report issued in connection with counterpart European Application No. 01 89 0327, mailed June 7, 2002. In particular, the following documents are cited:

U.S. Patent No. 3,401,035, as an "A" category document (i.e., a document relevant to the technological background of the invention) with particular reference being made to column 1 line 45 through column 8, line 39 and column 18, line 22 through column 20, line 61 with respect to claims 1-13 of the European application.

EP 0 170 598 A1, as a "X" category document (i.e., a document that calls into question of the novelty or inventive step when considered alone) with particular reference being made to page 8, lines 8-12 and claims 1 and 2 with respect to claims 1-6 of the European application. The European Search Report also lists this document as a "Y" category document (i.e., a document that calls into question the inventive step when considered with another document from this category)

with particular attention being directed to page 8, line 8-12 and claims 1 and 2 with respect to claims 7-12 of the European application.

EP 0 508 574 A1, as a "Y" category document with particular reference being made to page 4, line 29 through page 7, line 5 as relevant to claims 7-12 of the European application. The European Search Report also lists this document as an "A" category document with particular reference being made to page 4, line 29 through page 7, line 5 as relevant to claims 1-6 of the European application.

WO 99/36584, as an "A" category document with particular reference being made to that page 1 line 7 through page 3, line 28 and page 6, line 28 through page 7, line 16 with respect to claims 1-13 of the European application.

Patent Abstract of Japan, Vol. 2000, No. 09, October 13, 2000, which is listed as a family member of JP 2000-160297 A, and as an "A" category document with the abstract being referenced with respect to claims 1-13 of the European application.

Applicants note that the European Search Report lists U.S. Patent No. 4,594,115 as a family member of EP 0170598 and U.S. Patent No. 6,146,475 as a family member of WO 99/36584. Copies of these documents are also enclosed.

Copies of the above-noted documents are enclosed together with a duly completed Form PTO-1449. The Examiner is accordingly requested to consider each of these documents, and to make them of record in this application by initialing in the appropriate spaces on the Form-1449. Applicants respectfully request that the Examiner include a copy of the initialed Form PTO-1449 with the next communication from the U.S. Patent and Trademark Office.
